

FUNGI FROM THE BERKSHIRE BIOBLITZ

Lawrence Millman

Armillaria mellea (Honey Mushroom) — gilled mushroom (rhizomorphs)

Boletellus chrysenterioides (Cracked Cap Bolete) — bolete

Boletellus merulioides (Ash Tree Bolete) — bolete

Boletus bicolor (Two Colored Bolete) — bolete

Boletus sp. — bolete

Ceriporia reticulata — resupinate polypore

Cerioporus squamosus (Dryad's Saddle) — polypore

Clavicornia pyxidata (Crown Tipped Coral) — coral mushroom

Cortinarius albobolaceus (Silvery Violet Cort) — gilled mushroom

Cortinarius sphaerosporus — gilled mushroom

Cortinarius sp. — gilled mushroom

Crepidotus applanatus (Common Crep) — gilled mushroom

Crepidotus mollis (Jelly Crep) — gilled mushroom

Daedaleopsis confragosa (Thin Maze Polypore) — polypore

Entoloma strictius (Straight Stalked Entoloma) — gilled mushroom

Fomes fomentarius (Tinder Polypore) — polypore

Fomitopsis betulinus (Birch Polypore) — polypore

Ganoderma applanatum (Artist's Conk) — polypore

Ganoderma tsugae (Hemlock Varnish Conk) — polypore

Gymnopus sp. — gilled mushroom

Hyalorbilia inflatula — ascomycete

Hyalorbilia xanthostigma — ascomycete

Hygrocybe sp. — gilled mushroom

Hypholoma fasciculare (Sulfur Tuft) — gilled mushroom

Hypomyces chrysosperma (Bolete Butcher)

Inocybe albodisca (White Disc Fiber Head) — gilled mushroom
Inocybe sp. — gilled mushroom
Inonotus quercustris — polypore
Irpex lacteus (Milk White Tooth Polypore) — polypore
Laccaria bicolor — gilled mushroom
Laccaria laccata (Deceiver) — gilled mushroom
Laccaria longipes (Long Stalked Deceiver) — gilled mushroom
Lactarius gerardii (Gerard's Milky) — gilled mushroom
Lactarius piperatus (Peppery Milky) — gilled mushroom
Lactarius sp. — gilled mushroom
Leccinum sp. — bolete
Leucogloia compressa — asexual fungus
Marasmius cohaerens (Fused Marasmius) — gilled mushroom
Marasmius sp. — gilled mushroom
Mucronella sp. — tooth fungus
Mycena galericulata (Common Mycena) — gilled mushroom
Mycena leaiana (Orange Mycena) — gilled mushroom
Mycena sp. — gilled mushroom
Oxyporus populinus (Mossy Maple Polypore) — gilled mushroom
Panellus stipticus (Night Light) — gilled mushroom
Paxillus involutus (Poison Pax) — gilled mushroom
Peziza sp. — ascomycete
Picipes badius (Black Footed Polypore) — polypore
Phaeocalicium polyporaeum (Fairy Pin) — ascomycete
Pluteus cervinus (Deer Mushroom) — gilled mushroom
Porodiscus conchifer (Little Nest Polypore) — polypore
Psathyrella hydrophila (Clustered Psathyrella) — gilled mushroom
Puccinia sp. — rust fungus
Radulomyces copelandii (Asian Beauty) — tooth fungus

Ramariopsis kunzei (White Coral) — coral mushroom
Rhodocollybia maculata (Spotted Collybia) — gilled mushroom
Russula brevipes (Short Stalked Russula) — gilled mushroom
Russula mariae — gilled mushroom
Russula sp. (1) — gilled mushroom
Russula sp. (2) — gilled mushroom
Scleroderma cepa (Hard Ball) — puffball
Steccherinum ochraceum (Spreading Yellow Tooth) — tooth fungus
Stegophora ulmea (Black Spot of Elm) — ascomycete
Stereum hirsutum (Hairy False Turkey Tail) — crust fungus
Stereum lobatum (False Turkey Tail) — crust fungus
Suillus granulatus (Dotted Stalk Suillus) — bolete
Trametes versicolor (Turkey Tail) — polypore
Trichaptum biforme (Violet Tooth Polypore) — polypore
Tyromyces chioneus (Cheese Polypore) — polypore
Tyromyces fumidiceps — polypore
Tyromyces sp. — polypore
